

WRAPEX

PRE-STRETCH

WRAPEX® PRE-STRETCH HAND FILM

Pre-Stretched for
Fast Application

Extremely Thin but
Incredibly Tough

Load Stability

Tear & Puncture Resistant

Reducing Costs &
Eco Friendly

Exceptional Clarity

Wrapex® Pre-Stretched Film is extremely easy to use, offering fast and efficient wrapping for high volume applications.

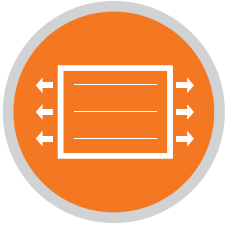

The folded edge film provides excellent protection against tears, punctures and offers greater load stability.

Wrapex® Pre-Stretched Film features excellent clarity to easily identify products through the film, enabling fast and accurate barcode scanning.

BENEFITS & FEATURES:

PRE-STRETCHED FOR FAST APPLICATION

Pre-stretched film makes wrapping faster and more efficient. Ideal for wrapping a high volume of pallets.

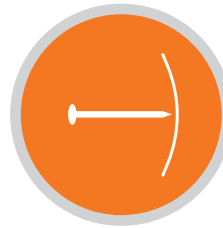

NANO TECHNOLOGY

Extremely thin but incredibly tough!

LOAD STABILITY

Excellent membrane memory keeps pallets safe and tight during transport.

TEAR & PUNCTURE RESISTANT

High resistant to tears, even around sharp cartons and pallet corners.

REDUCING COSTS & ECO FRIENDLY

Reduce plastic wastage and save by using thinner films!

EXCEPTIONAL CLARITY

High transparent film for easy scanning and product identification.
